We would LOVE to be part of your event

Do you belong to a local social club, community organization, or neighborhood association? We want you to know that our providers are available for educational speaking engagements detailing the importance of protecting, preserving, and promoting the benefits of better hearing. There is no cost for the appearance. We consider it part of our duties as the area's only AudigyCertified™ hearing care practice.

Though we've been serving the better-hearing needs of our community for years, our goal this year is to spend even more time with our friends and neighbors. The voices of our loved ones, our favorite songs, and countless other sounds are central to our experience. For most of us, hearing is a sense we all share. And we'd like to be part of helping you create a lifetime of those special moments through better hearing.
